

ADMIRAL DEWEY'S
RECEPTION IS ONNew York City In a Whirl
Today.

BEGAN UNDER MOST AUSPICIOUS CIRCUMSTANCES.

At An Early Hour People Began Moving Toward the River to See the Great Naval Parade—By Ten O'clock Both Banks Were Black With a Surging Sea of Humanity—Mayor Van Wyck Extends An Official Welcome—Hero Makes Preparations For Events.

New York, Sept. 29.—[Special]—Admiral Dewey's reception began today under most auspicious circumstances.

The weather is charming, being bright, clear and crisp, with just enough wind to make the flags on a million poles stand out like boards.

The city is in a whirl. As early as six o'clock, people began moving toward the river to see the great naval parade, and by ten both banks were black with a surging sea of humanity.

The steamer Sandy Hook with Mayor Van Wyck, the governors of the different states, and other invited guests, took a party to Tompkinsville, where the mayor extended to Dewey, an official welcome on behalf of the city of New York.

Dewey and his officers stood on the quarter deck during the mayor's address, while the sailors and marines of the Olympia, were drawn up in lines forward.

DEWEY PREPARES FOR THE EVENTS

Scene Off Tompkinsville This Morning An Animated One.

New York, Sept. 29.—[Special]—Admiral Dewey rose with the sun this morning and immediately began preparations for the events in his honor today.

After breakfast, he summoned all the commanders of the fleet and instructed them as to the proceedings of the day. The scene off Tompkinsville this morning was most animated.

Boats to take part in the parade came down the bay in scores and lined up along the Brooklyn shore ready to fall in when the signal was given and hundreds of small boats gathered about the Olympia and the other warships.

Flags, color and shouts filled the air. Hundreds of persons tried to board the Olympia today, but were turned away.

VANWYCK'S ADDRESS TO DEWEY

The Admiral In Reply Says He Only Did His Duty

In part Mayor Van Wyck said to Dewey: "A loving, grateful nation, gladdened by your return from the most remarkable voyage in history, so far reaching in results, that the clearest mind cannot yet penetrate the distance that has already softened the voice of nations speaking of ours. It has changed permanently the map of the world, enlarged the field of American pride, and completed the circle of the empire in its western course."

Dewey replied, disclaiming having done anything but his duty.

The mayor then presented him with a magnificent gold medal, the gift of the city of New York.

Dewey exclaimed: "How magnificent, how beautiful, how splendid!" Calling a Chinese servant he said: "Now pin that there on," pointing to his breast, "so that it won't drop off."

It was 1 o'clock when the signal for the naval parade to move was given. A dozen police boats started up the bay and towards the North river to lead the van and keep the course clear.

The Olympia followed, then came the flagships New York and Chicago, battleships Texas, Indiana, and Massachusetts. The cruiser Brooklyn, gunboats Lancaster and Marietta were all in single file. A flotilla of converted gunboats and torpedo boats came next, all in single file. Abreast the Olympia were the official boats of the city, carrying the mayor, members of the city government, the governors of states, reception committee, newspaper men and invited guests.

After the warships in line came five revenue cutters that saw service in war with Spain. The army was represented by two transports which in turn were followed by vessels carrying the New York naval militia. Behind this came nearly a hundred steam yachts. Merchant marine and excursion boats brought up in the rear of line, which, when every vessel was in place, extended several miles up the river.

Dewey stood on the quarter deck, surrounded by his officers, while his men lined the rail, waving their caps in answer to the cheers of the multitude.

Inspiring scenes and patriotic demonstrations reached the climax when the Olympia gracefully swung around the state boat and anchored off the tomb of General Grant and let go with all her guns a full general salute in honor of the hero, whose ashes reposed nearby.

As the roar died away the members of the Liederkreis and Arion societies

sang patriotic air in welcome to the admiral.

New York, Sept. 29.—Admiral Dewey's surrender to New York is complete and the celebration of his capture was set off in red fire last night. Down the bay, the Long island and New Jersey coasts, the water-front of Greater New York, along Governor's, Bedloe's and Ellis islands there were miles of red fire. Searchlights swept the city from the towers of Brooklyn bridge, picked up the Olympia far down the bay, off Tompkinsville, and throughout the city there was a lavish glare of electric lights. Sky-scrapers were lighted from top to bottom, domes and towers were aflame in red, white and blue lights, and Fifth avenue, Broadway and other thoroughfares blazed with light. Calcium lights brought out the new completed arch of triumph, and red fire enveloped the bronze skirts of Liberty Enlightening the World.

And every light was for Dewey. It was the end of a busy, happy day for him—a day in which he rested as much as he could for today, when he will be the center and front of the naval pageant, and for the day that follows, when he will be rushed about from one end of the city to the other to get the plaudits of a people that can scarce wait for the chance.

Ready for the Parades. All of the details for the naval and land parades are complete. The great naval pageant will get under way at 1 o'clock in the afternoon, though unfavorable weather predicted by the government officials may detract something from its glory.

Admiral Dewey received calls from Major Gen. Merritt, Major Gen. Miles and the Washington reception committee; Gov. Roosevelt, who welcomed him to the state; from five captains who commanded warships under him the day he made history in Manila bay; from his Vermont admirers, and from many Chicagoans.

City in Gala Dress. By day streets and avenues are one long vista of red, white and blue. Bunting and flags are everywhere. They cover everything but Dewey's picture. Poor is the window indeed that has not one or more pictures of the great sea hero.

There are hardly two alike, but they are all "Dewey," and that is sufficient. The great white arch, completed, stands like one great piece of marble spanning Fifth avenue where it intersects Broadway. The decorations of the city along Fifth avenue are practically complete.

Today the celebration of Dewey's home coming broke forth with all its pent-up energy. The naval parade will rival if not excel anything seen in these waters.

The crowd is superlative so far as New York is concerned. Millions of strangers are here. They eclipse the New Yorkers.

Medals Given to the Men

Admiral Dewey passed the most peaceful forenoon Thursday that was possible for the hero whom 7,000,000 people, more or less, were trying to welcome with all the noise that lungs and guns and steam sirens and hoarse megaphones could produce. Two days of exuberant American enthusiasm have convinced the admiral that if he is going to preserve himself from actual wreck he will have to do something to moderate the force of his country's welcome as it sweeps toward him. So he very wisely concluded to make the best of a hero's plight and try to have a quiet interval lasting at least until noon time. A very good excuse for keeping away the public, which swarmed out in boats to the Olympia, was at hand and it was put to good use. The medals which the government voted to every sailor and marine who fought on the Olympia in that breezy little encounter of May 1, 1898, were distributed.

Capt. Lamberton began the bestowal of the proud bits of bronze in the morning and an order was issued that while this was going on no visitors were to be allowed aboard ship.

Lively Scene on the Ship

Now and then the admiral appeared on the afterdeck, pacing up and down in his quick, energetic way, and from the boats, dories, launches and tugs was sent up a rousing cheer. Then the admiral's bronzed face would light up with a smile, his gold-fringed cap would come off, and he would resume his constitutional. Flag Lieutenant Brumby, Capt. Lamberton and the other officers swarmed about over the ship, rushing hither and thither, executing some commission or other, and on the upper deck was a busy scene, when each proud sailor who fought with Dewey was getting his medal.

There are still on the Olympia 350 men who enjoy this proud distinction, the largest percentage of long-service men that can be found on any of the warships that were engaged in the Manila fight, for, whatever may be their feeling for the other officers, the men love Dewey, and would not leave the Olympia at Manila, even though the enlistments of many had expired.

Gov. Roosevelt, on his official visit of welcome, was accompanied to the Olympia by the chief officers of the national guard. Capt. Frank Wildes of the Boston, Capt. N. M. Dyer of the Baltimore, Capt. C. B. Wood of the Petrel and Capt. Asa Walker of the Concord, as well as Capt. Coghlan of the Raleigh, were also in the party.

C. RUESTOW'S BODY
FOUND IN RIB FALLS

CIRCUMSTANCES SURROUNDING DEATH SUSPICIOUS.

Coroner Will Investigate the Case—Patrick O'Dea, the Madison Football Player, Is On Crutches—Will Be Laid Up Several Days On Account of An Injury.

Wausau, Wis. Sept. 29.—The body of Carl Ruestow, who disappeared from his home near Rib Falls a week ago, was found yesterday partially buried, within a short distance of his home. Further than this no particulars are known here and will not be until the coroner returns. The news was brought by a son of Ruestow, who returned at once after notifying the coroner.

Rib Falls is little more than a settlement, twelve miles west of Wausau. In 1893 a man named Herzog was killed there by August Hoffman, who is now serving time for the crime at Waupun. Carl Ruestow was one of the principal witnesses for the state, and gave damaging testimony.

Since that time there has been more or less ill feeling between the Ruestow and Hoffman families and there was a fight between members of the factions about the time Ruestow disappeared. The future developments promise to be interesting.

University Football Notes

Madison, Wis., Sept. 29.—Patrick O'Dea will not play football for the Varsity in the game with Lake Forest next Saturday. Last night, during practice when the line were blocking for punts, O'Dea was tackled after kicking the ball and thrown, the result being a bruised knee and a strained ligament. He will have to use crutches two or three days and cannot get out with the bunch before the latter part of next week. This will give Driver another opportunity to show what he can do at full back, a position that he has been filling creditably on the scrub eleven.

Football practice on the lower campus today was marked by several slight accidents which will put on the shelf a number of the regular men. Comstock was so bruised that Dr. Harper forbade his appearance on the field for a week or ten days. The tendons in Patterson's ankles were so strained in a scrimmage that he will not be out for a week at best. Joliffe, who was injured the early part of the week, cannot don his football armor until Monday.

These accidents with O'Dea out on account of his sprained knee, gave plenty of opportunity for new men to show their mettle. After Patterson's mishap, Ware took his place at halfback and did some clever work advancing the ball. Wilmarth, quarterback of last year's Western team, did particularly well. Lerum, at right guard, and Rogers at left, are showing up well. Driver at full back, hits the line well, but failed to get in his interference as he should.

The line-up for Saturday's game is: Chamberlain, center; Lerum, right guard; Rogers, left guard; Curtis, right tackle; Chamberlain, Blair, left tackle; Cochems, left end; Wright, right end; Bradley, Wilmarth, quarter; Peele, left half; Ware, right half; Driver, fullback.

ECONOMIC LEAGUE
MAY BE ORGANIZED

SEVERAL JANESVILLE PEOPLE INTERESTED IN ITS MOVE.

C. F. Hart of Chicago, Here For the Purpose of Completing the Work Begun By C. M. Merica Last August—Course of Systematic Instructions—Political Economy.

C. F. Hart of Chicago, is in the city for the purpose of completing the work begun by C. M. Merica in organizing a branch of the Economic League, Mr. Merica being forced to abandon the work because of illness.

Among those who have already joined the league are Rev. E. H. Pence, R. J. Lutz, Edward H. Ryan, George G. Sutherland, S. M. Smith, W. A. Jackson, Chas. L. Field, H. L. Maxfield and others, and a large membership is now assured.

The object of the Economic League is to encourage an interest in the discussion of social and economic subjects and to furnish, by lectures, and printed courses of study, reliable information on such topics as trusts, municipal ownership, national expansion, the Monroe doctrine, money, tariff, direct legislation, etc., which are of vital interest to the American people. In carrying out this plan it has secured the aid of many of the leading specialists of the world, men who are recognized as authorities in the departments they have treated.

It should be borne in mind, that this is not an effort to found a new political party or to interfere with any one of the parties already in existence. The Economic League is committed to no party, creed or hobby. Its sole aim is to seek the truth, to arouse public sentiment in each community to the need of unity of action on public questions, to secure a better administration of our laws, and to furnish the information, and help the needed, that all may exercise intelligently, the rights of American citizenship.

The plan of the work embraces the forming in every city and town of consequence a center, open to any respectable person of either sex, where the people may come together once a week, or as frequently as they may wish, for the purpose of discussion and study of these great questions, under competent leadership. In other words, it is intended to revive in every community the spirit of old Boston town meetings, where all classes may meet in friendly discussion of public questions for their mutual benefit.

REV. A. C. KEMPTON TO REMAIN

Received a Tempting Offer to Go to St. Johns, New Brunswick.

The many Janesville friends of Rev. A. C. Kempton, pastor of the First Baptist church, regardless of religious belief and affiliation, are pleased to know that he has decided not to accept a tempting offer to go to St. Johns, New Brunswick, with a view of receiving a call. The reverend gentleman announced his decision last night and all hail the same with delight. Rev. Kempton has worked unceasingly in the upbuilding of his church and the fruits of his efforts are plainly discernible.

UNIVERSITY NOW OPEN

Enrollment of 2,100 at Madison—Activity in Football Circles—Schedule of Games.

Madison, Wis., Sept. 29.—[Special]—The fifty-first session of the University of Wisconsin began yesterday morning, with an enrollment of twenty one hundred students, the largest in the history of the institution. This large number of students indicates the general feeling of prosperity existing throughout our commonwealth, and bespeaks well of the excellent standing of the university. Many of the students are from other states, the most of them coming to take the engineering courses, in which Wisconsin ranks far ahead of any other western institution.

The prospects of a good football team are exceedingly bright this year. Forty men report daily for practice, and the quality of the material is much better than was ever before on the campus. Among the most promising candidates for half backs is Patterson, a Rock county boy from Evansville, who is receiving special attention from Coach King. On all sides is heard unstinted praise for the excellent schedule, which Manager Fisher has arranged. The team has the best as well as the hardest schedule to play of any team in the west, as will be seen by a glance. As completed it is as follows:

Sept. 30—Wisconsin vs. Lake Forest, at Madison.

Oct. 7—Wisconsin vs. Beloit, at Milwaukee.

Oct. 14—Wisconsin vs. Northwestern, at Madison.

Oct. 21—Wisconsin vs. Yale, at New Haven, Conn.

KRUGER'S LATEST
NOTE DISCUSSED

British Cabinet Met At Noon Today.

CRISIS OF TRANSVAAL NEGOTIATIONS AT HAND.

Enthusiastic Greeting Given the Ministers By the Intensely Patriotic Crowds Which Assembled in Downing Street—In the Reply the Author Adheres Strictly to the Terms of the London Convention and Asks Nothing More—Suzerainty Not Mentioned.

London, Sept. 29.—[Special]—The British cabinet met at noon today for the consideration of President Kruger's latest note, which came last night.

An enthusiastic greeting was given the ministers by the intensely patriotic crowds which assembled in Downing street.

It is believed the crisis of the Transvaal negotiations are at hand.

In his reply, Kruger adheres strictly to the terms of the London convention, and asks nothing more. Suzerainty is not mentioned.

TRANSVAAL SCHEME IS DETECTED
Plan Formulated to Plunge All South Africa Into War

Cape Town, Sept. 29.—[Special]—The British authorities have been informed of the plan formulated by the Transvaal and the leading Cape Dutch by which all South Africa would be plunged into war, should it be carried out.

The plan which is believed to be well matured is to proclaim a South African republic of all the territory south of Zambesi, as soon as hostilities begin.

A new general government would then be established, with either Steyn or Kruger at the head.

Sir Alfred Milner has had agents engaged in running down the conspiracy and wholesale arrests will follow.

Kruger Says War is Inevitable

London, Sept. 29.—[Special]—President Kruger in an interview printed in The Times, is quoted as saying that there is no possibility of peace, unless the other side does something to make peace possible.

War Seems Unavoidable

London, Sept. 29.—The New York Journal correspondent cables: War is certain. There is no possibility in sight of averting a conflict that is sure to be disastrous to Great Britain and is likely to be fatal to the Transvaal republic and its ally, the Orange Free State.

A cabinet council is to be held here today. It will simply formulate an ultimatum, in which will be made demands far exceeding any yet made to the South African republic, and such as will be certain to precipitate hostilities, and are probably intended to provoke the Boers to acts of aggression.

Great Britain Will Insist

If the report current in official and diplomatic circles proves correct, the British government will insist upon exercising the right of suzerainty over the Transvaal to the extent of demanding the restriction of the army of the republic to a force sufficient merely to keep in check the native tribes, the dismantling of the forts on the border, the equality of the franchise to all white men who have lived in the republic, the use of the English language as well as the Dutch in the Volksraad and equal representation on the benches of the courts.

Conyngnam Greene, the British agent at Pretoria, may be expected to present the ultimatum on Saturday, requiring an answer by Oct. 10.

The proud Boers may be expected to give an answer with their guns long before that date.

Expect Boers to Make a Dash

Army men in touch with the war office hold to the opinion that the Boers will not venture to invade Natal through the narrow gap off Laing's Nek, of horrid memory to the British, because of the presence there of 1,500 English soldiers. The prediction is that the Boers will make a dash from Vryheid, off to the south of Laing's Nek and Majuba hill, across the Buffalo river to Dundee and Glencoe Junction, and destroy the railway, thus cutting off the British now in the neighborhood of Laing's Nek and at New Castle.

If such a dash should be successful, the burghers in the northern part of the Cape Colony and in Natal, as well as in the Orange Free State, would surely rush to the aid of their brethren of the Transvaal. Along the borderland from Ladysmith northward, through Dundee, New Castle and Charlestown, the British have 3,000 soldiers, with field batteries.

The officers at the service clubs assume, however, that the British troops now on hand would successfully maintain the defensive until time for the arrival of an army corps, which, under Sir Redvers Buller, would march upon Pretoria and Johannesburg.

MANY MISFORTUNES FOR A CLINTON MAN

HOME OF M. P. TREAT CONTAINS MORE THAN ITS SHARE.

Demise of Mrs. E. P. Babcock, An Early Settler—Great Increase in Public School Enrollment—Grain in Large Quantities Coming Into Market—Personal Notes.

Clinton, Sept. 29.—Sophia Kimball, daughter of John Kimball, who so actively participated in the early history of Clinton, was born in Burlington, Vt., February 18, 1845. She moved to Clinton when a child, her father settling on the farm just east of town, which was her home at the time of her death. At one time she lived with Mr. and Mrs. C. L. Hartshorn, in the little house just north of Dr. Covert's, and attended school; she also lived a few months at Clinton Corners. Later, she attended college at Milton, where she formed the acquaintance of E. P. Babcock, to whom she was married in October, 1863. The first six years of married life were spent at Milton; Dell, Charlie and Elton being born there. From Milton Mr. and Mrs. Babcock moved to Parkersburg, Iowa, where they lived for fifteen years, and then came to Clinton, and took up their abode in the old home, where they also lived for fifteen years. Besides the three children born at Milton, five others came to bless this union, all of whom are living except the youngest, who died some years ago, at the age of ten months. Mrs. Babcock had two brothers, Charlie, who died at Madison, Wisconsin, on his way to help fight the battles of the war of the rebellion, and Willie, who died at Clinton, of consumption. She also had a step-brother, Mr. Mendenhall, who resides at Watertown, and who, with his wife, were at the funeral. Mrs. Babcock had been confined to her bed for some time, and passed away Saturday, September 9, at 11:45 a. m. Although in poor health for many years, she still kept pace with all good works both in and out of her home. She was a member of the Congregational church, often attending its services when others in as poor health would have remained home. She had been a member of the Woman's Christian Temperance union for many years. When the Woman's Relief corps started in Clinton she joined the order, and when they broke up here she transferred her membership to the Beloit corps, a large delegation of which in company with the Clinton W. C. T. U., went in a body and acted as escort to the silent city of the dead. "Her children arise up and call her blessed, her husband also and he priset her."

A Family's Misfortune
Misfortunes seldom come singly. The home of Undertaker M. P. Treat contains more than one family's share of affliction. Mr. Treat's aged mother is stricken with sickness and is in a serious condition. Being over eighty years of age it is difficult to say whether or not she will recover. Elbert Goodsell, a young nephew who boards there, is also sick in bed. A sister, Mrs. Mary Hatch, who is here on a visit, fell and injured herself so badly that she is confined to the house. News this week from Mr. Treat's wife, who is in Freeport for treatment, is very discouraging. Her cough continues very bad and her chances for immediate recovery hopeless. Our public school is nearing the close of the first month's work. Prof. Loveland reports about 230 pupils enrolled, a considerable increase over last year. It will be quite evident to any who should chance to visit the school rooms that the work done there is proceeding along the right lines. No useless work is being done by the scholars, but all that is essential is included in the courses which will lead the pupil up to the door of a higher education. The school library is well patronized, about twenty books being drawn out twice each week. Grain in large quantities has been coming into the market for the past week or so. J. B. Anderson has been buying and shipping barley at the rate of four carloads a day. H. N. Cronkite, the veteran dealer here, is also getting his share of the trade. Wednesday both firms were obliged to shut down and receive no more grain on account of the scarcity of freight cars. They expect to get "empties" by the last of the week and will then resume business unless the car famine continues. J. O. Simons has charge of the carpenter force at work on the mammoth seed warehouse. About eight men are now employed and the building will be completed as soon as possible as Mr. Olds is anxious to begin storing his large crop of potatoes, 2200 bushels of which he has already harvested. Mr. Olds reports the early varieties as good or better than last year, but the late kinds inferior as to yield.

At a reception held in the Methodist

NO CROWN BECOMES A WOMAN
better than a crown of glorious hair. To attain beautiful hair is neither difficult or expensive. A fair trial of our preparations convinces.

Mrs. N. E. Copeland, Oakland, Kansas, writes:

"I have used the Seven Sutherland Sisters' Hair Grower and Scalp Cleaner for about two months and find that my hair has ceased falling out and is bright and healthy in appearance. Any inquiries will be cheerfully answered."

What this wonderful remedy has done for her it will do for anyone.

church Monday evening, the Rev. W. P. Leek and wife were the recipients of a fine piece of silverware, ten silver dollars and a mysterious box, the contents of which were unknown and the lid of which was not to be opened until the pastor and his family were settled in their new home. J. O. Simons made the presentation speech. This was followed by the presentation of an elegant pair of driving gloves by W. A. Mayhew in behalf of the G. A. R. boys. The elder responded in a happy manner after which refreshments were served. When Orrie C. Wakefield and wife (Corra Christman) reached their home at Missoula, Montana, the fact of their marriage was widely circulated in the town through the medium of one of their trunks that had proceeded them. This piece of baggage was plastered all over with legends as follows: "Just married," "September 14 is the date," "We are so happy," etc. Clinton boys who "sized up" the trunk at the depot here were responsible for the inscriptions thereon. The Sherman quartette of Chicago, will give an entertainment under the auspices of the United Workers at the Congregational church on Wednesday evening, October 4th. Admission 25 cents. This will be a first class entertainment and without doubt will draw a large house. Sunday afternoon Oct. 11 at 3:30 there will be preaching at the German church in the English language. Rev. Gulixson of Beloit, will conduct the services. A large attendance is desired. James Black takes much pride in the possession of a horseless carriage. The vehicle differs from the ordinary types in use, in that it is drawn by a pair of young mules. Frank West sold tickets for Siegfert's acrobatic show in Elkhorn last week. His commission he claims on the sales, make it a very profitable business. He is with the show at Beaver Dam this week. Archie D. Westby was here the first of the week, being called by the illness of his father, F. Westby. Mr. Westby resides in St. Paul, but is interested in gold and silver mines in British Columbia. George Seegar, salesman for the Sheddobaker Wagon Co., was in town Monday. His company is making more vehicles than ever before, so he says. J. R. Helmer left for Madison to make arrangements for his ward, Edward Stowe, to enter the university. He will be absent two or three days.

Rumor has it that Chas. Lee, Clinton's stock buyer, had his pockets picked of \$20 at the Delavan Lake Assembly grounds, and that he has kept the fact a secret for fear no one would believe the yarn. It certainly ought not to be true considering the locality where it is said to have occurred. H. K. White, formerly principal of the schools here, was recently married in Duluth. He and his wife will reside in Chicago. Charles Hartshorn says anyone can cover a good deal of ground in a five weeks' trip through the east. He and his wife and daughter, Mrs. Jerome Baker, visited Boston, Portland and many other places on the Atlantic coast while away. B. Hollenbeck is in Iowa this week on a visit. Dr. Wado Smith, son of J. B. Smith, is quite sick at present. He lives at Columbus, Wis. Jerome Baker, a lumber dealer of White-water, visited Clinton friends, Sunday. Mrs. Nettie Earle Scott is here on a visit. Dr. Kinyon exhibited a Clyde colt at Elkhorn, on which he was awarded second premium. Frank Able is preparing for another severe winter by putting a furnace in his residence. Mrs. Fannie Hollenbeck attended the wedding of Miss Alice Turneure, at Freeport, Wednesday. The bride is a niece of George Turneure. Report says that a circus will be organized in Clinton, consisting of home talent. Station Agent Eldredge was on the street Wednesday, for the first time since he was taken sick several weeks ago. Mrs. J. L. Paugbom was reported a little better, Wednesday morning. She is dangerously ill with bowel trouble. Byron Snyder, Clinton's prominent butter maker, received state fair premiums to the amount of \$9.50 on butter exhibited at Milwaukee, this year. Mrs. John Bruce, sister-in-law of Mrs. Dr. Jones, spent a few days here recently. Her home is at Merrill, Wis.

SMILES TICKLE YOUR FACE

Prepare For Many a Hearty Laugh at the Grand Tomorrow Night

One of the greatest successes on the road last season was "Two Married Men," which is booked to appear at the Myers Grand tomorrow evening. It has been called by the dramatic critics of the larger cities "the best farce that was ever written, and so "Two Married Men" will probably be the best entertainment that will be provided by the local management this winter.

It is filled with specialties by high salaried artists, and to miss "Two Married Men" is to miss the best laugh of the season.

Hoyt's Big Musical Comedy.

At Myers' Grand Opera House, Saturday, October 7th, for matinee and evening performance, we are to have Hoyt's big musical comedy, "A Stranger in New York" presented with all the scenery and wealth of costuming that characterized its presentation during its New York run of over 200 nights. Hoyt's name is always sure to call out large audiences, but this engagement has created more than usual interest for the reason probably that "A Stranger in New York" is not only Mr. Hoyt's latest work, but has been heralded as his greatest and best offering, and this will be its only presentation in this city.

Miss Lockheart's LETTER TO MRS. PINKHAM.

[LETTER TO MRS. PINKHAM NO. 67,041]

"I cannot express my gratitude to you for the good that Lydia E. Pinkham's Vegetable Compound has done for me. I have taken five bottles of the Compound and two boxes of Liver Pills and feel better in every respect. I had suffered for years with dropsy; the veins in my limbs burst, caused from the pressure of the water. I had the worst kind of kidney trouble, fainting spells, and I could not stand long at a time. I also had female weakness and the doctor said there was a tumor in my left side. The pains I had to stand were something dreadful. A friend handed me a little book of yours, so I got your medicine and it has saved my life. I felt better from the first bottle. The bloating and the tumors have all gone and I do not suffer any pain. I am still using the Vegetable Compound and hope others may find relief as I have done from its use."

MISS N. J. LOCKHEART, Box 16, ELIZABETH, PA.

Only the women who have suffered with female troubles can fully appreciate the gratitude of those who have been restored to health.

Mrs. Pinkham responds quickly and without charge to all letters from suffering women. Her address is Lynn, Mass.

WESTERN TRIP IS CHANGED.

President McKinley Makes Three Alterations in Itinerary.

Washington, Sept. 29.—There have been three changes made in the itinerary of President McKinley's western trip, and it is still in tentative form. The dates for Chicago, Galesburg, St. Paul and Minneapolis are fixed, but there are so many uncertainties about the time of visiting other cities that Secretary Cortelyou will not give out the tentative programme.

It is practically settled that President McKinley will leave Washington the evening of Oct. 4 for Illinois. The train will be run at a leisurely speed in order to reach Quincy or Peoria Friday morning, Oct. 6. That day will be spent in visiting those two cities and perhaps some others, including Canton. Saturday morning will be given to Galesburg and the afternoon taken up in traveling to Chicago. From Chicago the president will probably return to Evansville, Ind., for a short stay on Wednesday, Oct. 11. He expects to reach St. Paul by 9 o'clock Thursday morning, Oct. 12, and to resume his journey before midnight. Friday, Oct. 13, is likely to see him at both Duluth and Fargo. A night train would carry him to Aberdeen, S. D. He will probably review the South Dakota volunteers Saturday, Oct. 14, and also visit Sioux Falls and Sioux City. The president will not travel on Sunday, and that day may be spent in Sioux City. Secretary Wilson and Senator Allison insist the president should not slight the rest of Iowa and he may spend Monday crossing that state, in which case he may not reach Milwaukee until the morning of Tuesday, Oct. 17.

NOTHING IS BETTER

Impossible to Manufacture a Better Remedy.

Wisconsin People Make Good Witnesses of the Success it has Achieved.

There can be nothing better for backache, nervousness, sleeplessness and all ailments arising from kidney disorders than MORROW'S KID-NE-OLDS. It is impossible to manufacture a better remedy. KID-NE-OLDS contain the very best ingredients that are good for ailments arising from the kidneys. The vast number of people in this city who have testified to the merits of KID-NE-OLDS is sufficient proof that none of our claims are false.

Mrs. T. S. Johnson, 831 Harrison street, Beloit, Wis., says: "I have been afflicted with kidney backache and other symptoms of disordered kidneys for some time past. During the continuance of my troubles I have experimented with kidney pills and other kidney remedies but did not get any relief until I used MORROW'S KID-NE-OLDS. In a very short time I was greatly relieved. I continued to take KID-NE-OLDS and I am being relieved of all my former troubles very rapidly. I think KID-NE-OLDS a splendid remedy for kidney troubles."

Morrow's Kid-Ne-Olds are not pills but yellow tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co.

The citizens of Milwaukee are in favor of treating the street railway fairly, as is conclusively shown by the interviews published by The Evening Wisconsin. Cream City people evidently realize that they have one of the best electric railway systems in the country, and that this fact should be appreciated. The company has made a heavy investment, and gives excellent service at the universal rate of fare. Of course, there is always a class of people, in every large city, who favor confiscation of everyone's property except their own, but Milwaukee's population is not composed of this class, and except for the few agitators, the people are willing to "do what is right" by every industry that gives the citizen good accommodations in return for a fair and reasonable fee.

Walter Wellman will sail from Liverpool for the United States next Saturday. It was very kind of Walter to remain away until after Dewey had been properly welcomed, for if he and Dewey had arrived at the same time Dewey would probably have been compelled to go home in a cab. Dewey, it will be remembered, merely terminated an unpleasantness; that Walter had managed, up to the time of his leaving for the North Pole, with signal success. Hence Walter is the real hero, because his skillful work was responsible for Dewey's opportunity. Dewey simply commanded his fleet; but Walter had the management of the whole country on his shoulders.

About as much powder has been burned in firing salutes in New York harbor, as was burned during the whole naval campaign against the Spanish. Dewey, however, used his powder to good advantage during the "late unpleasantness", and is entitled to "all he wants in time of peace."

There, there, gentle reader. Never mind. There is a good deal of it, we know, but remember that in a few days you will be compelled to wade through just as many columns having to do with the international yacht race. Every cloud has its silver lining.

General Funston says the war will be ended by next spring. He also declares that the islands are a valuable acquisition, but that the natives should "feel the iron hand of military rule" for a long time after peace is brought about.

"Chicago Outranks New York" is the heading in half a dozen Chicago papers. And all because Admiral Sampson, whose flag flies from the battleship New York, is ranked by Admiral Howison, who lives on the cruiser Chicago.

As Billy Mason is "ashamed of his country," he must also be ashamed of Admiral Dewey. Let us hope, however, that Dewey has not yet learned of the fact. His home coming should not be marred by any such crushing news.

Chicagoans are disappointed because Admiral Dewey cannot be that city's guest. They wanted to show him a time that would eclipse New York's effort, and they would have succeeded, too.

The Chicago colored men who tried to lynch one of their own race, should shed no more tears over southern lynchings. What is wrong in Alabama is also wrong in Illinois.

The yellow press is now treating Admiral Dewey with due respect. But wait a few days. Then, however—but let us keep the sad spectacle out of sight as long as possible.

The New York reporters will earn their pay during the next few days, and if they make a mistake or two, forgiveness will be easy.

However, Oom Paul can hardly be expected, under the circumstances, to "take the bull by the horns." John might resent it, you know.

The Durand bank robbery again demonstrates the fact that it is difficult to

build a vault that cracksmen cannot get into.

The Milwaukee Journal's "Man With The Hoe" is writing some interesting political gossip these days.

This crisp weather makes the scorching glad that he's alive—and everyone else sorry that he isn't dead.

However, there is nothing to show that Billy Mason is ashamed of that Chicago billboard.

Admiral Dewey will be one of President McKinley's chief advisors in the future.

LOCAL BAPTISTS CELEBRATE EVENT

SECOND ANNUAL "CHURCH DAY" IS OBSERVED

First Hour Devoted to Paying Tribute to Departed Dead—Members of Ladies Aid Society Serve Supper—Evening Program Very Interesting—Reports and Election of Officers.

Members of the Baptist church and congregation, together with their families, held their second annual "Church Day" celebration in the church parlors yesterday, and the event proved to be a most pleasant and profitable one. The first hour was devoted to the paying of tender tributes to the departed members of the congregation. This was done in an informal manner and was a beautiful and impressive part of the exercises. The names of the dear ones who have passed on, appeared on the souvenir program and were as follows:

Mrs. C. T. Wilcox, Mark Honeysett, Richard Wiggins, George H. Merry, Mrs. D. A. Wright, John C. Fredendall and Mrs. E. Nelson.

After the exercises were over, the assembly passed a short time in a social manner, after which the members of the Ladies Aid society served one of their justly celebrated suppers. That the report was well patronized was evidenced by the fact that it was necessary to set the tables three times before all the appetites were appeased.

The program for the evening had been arranged with great care and forethought and was very interesting. When the congregation was all seated in the main room of the edifice, the meeting was called to order by Chairman A. F. Hall of the board of trustees, and upon motion Rev. Kempton, pastor of the church, was chosen as chairman. The first number on the program was an excellently rendered selection on the organ by Mrs. C. L. Clark, which was followed by the singing of a song of praise by the assembly. The next to claim the attention of the audience was the reading of various reports on the church work. Miss Granger gave an interesting account of the work accomplished in the kindergarten department and was followed by Miss Pratt's report on the doings of the Ladies Aid society.

One of the features of this part of the exercises was the reading of a report prepared by Mrs. A. P. Lovejoy, the superintendent of the primary department. This branch has a membership of ninety children and, thirty of them are in the infant class. Mrs. William Reed read a report on "Our Helpful Circle," which is composed of a number of self-sacrificing young ladies, who aim to "do all the good they can, in all the ways they can." Nathan Dearborn read a paper on "Our Deacons," in which he eulogized the brethren, and Mrs. F. A. Whiffen reported as to the work of the Missionary society, which was shown to be in a flourishing state.

Mrs. John Cunningham spoke of "My Class of Boys," after which Mrs. John Huntress reported on "Our King's Daughters," which was read by Miss Cora Anderson and very sweetly "The Everlasting Hills," which was greatly enjoyed. A. F. Hall presented a bright description of the characteristics of "Our Trustees," which caused considerable laughter and applause. Miss Grace Tennant then reported as to the progress of the Y. P. S. C. E., which is accomplishing great good, and J. T. Fitchett gave some timely suggestions in a report entitled "Our Church Echoes." The treasurer's report was read by W. E. Clinton, who announced that nearly \$3,500 had been paid out during the past year, and that there was a balance in the treasury of \$67. The outstanding debt is about \$500, and the church has about \$200 due for pew rent. Judge Dunwiddie here interposed, and generously offered to give \$100 toward raising the debt, on the condition that the church raise the balance by next Thursday. The offer was vigorously applauded, and a committee will at once go out to get the required amount.

The audience then sang the "Church Day Hymn," a composition by Mrs. A. C. Kempton, which reflects considerable credit upon her ability as a composer. The next number was a "History of the Year," by Miss Genie McDonald, and it was thoroughly enjoyed by all present. C. S. Cleland, the chairman of the nominating committee being absent, the report of the body was read by W. E. Clinton and, on their recommendation, officers for the coming year were elected as follows:

Secretary and Treasurer—A. C. Campbell. Sunday School Superintendent—B. F. Dunwiddie. First Assistant—L. K. Crissey. Second Assistant—Ralph Grove. Third Assistant—Mrs. Laura Sherman. Librarian—W. F. Newbury. Primary Superintendent—Mrs. A. P. Lovejoy. Trustees—A. F. Hall, F. J. Bailey, Committee on New Members—W. Keily, A. F. Hall, Mrs. A. C. Campbell, Miss Crosby, Mr. and Mrs. I. A. Whiffen, Miss Amanda Herkimer, H. A. Palmer, Church Clerk—J. T. Fitchett. Ushers—W. E. Clinton, C. S. Cleland, J. T. Fitchett, F. P. Grove, G. W. Garlock, A. C. Campbell, W. O. Wilcox, Walter Clark, Ralph Grove.

Finance Committee—Mrs. A. C. Campbell, C. S. Cleland, Mrs. M. H. Lawrence, Mrs. C. D. Child, Miss Flora Dunwiddie, Mrs. M. P. Leavitt. Baptismal Committee—Mrs. M. H. Lawrence, W. H. Rose, G. A. Crossman. Committee on Relief of Poor—Mrs. I. A. Whiffen, First ward; Mrs. R. P. Young, Second ward; Mrs. J. B. Lester and F. J. Bailey, Third ward; Mrs. C. L. Richards, Fifth ward.

Heart Disease Caused His Demise, Which Occurred At His Home Soon After Supper Last Evening—Hazel Anna Dorsey Summoned—Funeral Services Held.

Alexander McNaughton, one of the oldest and most trusted engineers in the employ of the Chicago & Northwestern Railway company, died suddenly at his home No. 66 Rock street, at 6:30 last evening, aged seventy years. Heart disease was the cause of his demise.

Mr. McNaughton had not really been sick, although he had been feeling somewhat ill since last Wednesday. He consulted Dr. Woods on that day and since then said he was feeling better. He was about the house yesterday, and partook of his supper as usual last evening. Soon after the evening meal he was suddenly stricken, and death followed in a few moments.

A wife and one child survive him.

The funeral will be held from the home at 12:45 o'clock Sunday afternoon. The remains will be taken to Salem, N. Y., for interment.

Mr. McNaughton was born in 1829. Early in life he took a liking to steam engineering, and for more than forty years he had followed his chosen occupation. His first employment was in the east where he was then residing, but for the last thirty-five years he had been engaged as engineer with the Chicago & Northwestern company.

Mr. McNaughton was the thorough master of his calling, and was one of the trusted employees of the company. Never in his long term of service, had his negligence been the cause of a dollar's loss to the company or any of its patrons. He was always on the alert, and no trust or responsibility that devolved upon him was ever shirked.

Personally, Mr. McNaughton was a man of unusually estimable qualities. Always pleasant and cheerful and it was a pleasure to him to show kindness to others. His fellow craftsmen held him in the very highest esteem, and to know him was to recognize him as a man of unusual worth and character. His death will cause universal sorrow. He died as he had lived, true to every trust, and with every worldly obligation fulfilled. His last run has been made and a long, useful and honorable life has come to a close. As one of his friends has said, "Alexander McNaughton was a thoroughly good man. There are too few like him. The world was better for his living, and his death is a loss."

Salem, N. Y., was Mr. McNaughton's birthplace, and he descended from Scotch ancestry. His grandfather fought in the war of the revolution.

Mr. McNaughton was a member of the Woodstock, Ill., Commandery Knights Templar, and also of the local Masonic lodge. He was also a member of the Brotherhood of Locomotive Engineers. The Woodstock commandery will send a delegation of Sir Knights to this city to attend the funeral, and will also designate members of the commandery who will accompany the remains to Salem.

Hazel Anna Dorsey, youngest child of Mr. and Mrs. Henry Dorsey of 218 North Franklin street, passed into the shadows yesterday afternoon at 4:40 o'clock. The little girl had only been sick two days, suffering with membranous croup. She was two years and seven months old. Hazel was a most affectionate child; a general favorite with all, and in her death the grief-stricken parents have the heartfelt sympathy of their many friends.

The funeral services will be held at St. Mary's church Sunday afternoon, at 2 o'clock, and the little body will be tenderly laid at rest in Mount Olivet cemetery.

Clarence Arthur Hankey

Funeral services over the remains of little Clarence Arthur Hankey, infant son of Mr. and Mrs. Albert Hankey, were held from the house, 125 Glen street, yesterday afternoon at 3 o'clock. Rev. C. J. Koerner, pastor of St. Paul's German Lutheran church, officiated. The interment was in Oak Hill cemetery.

Miss Mary Conroy

Funeral services over the remains of Miss Mary Conroy were held this morning from St. Mary's church. Rev. Father William A. Goebel officiated. The interment was in Mount Olivet cemetery.

ARE PUTTING IN MUD SILL

Work of Repairing Belding Warehouse Has Been Commenced

A mud sill is being put in under the portion of O. H. Belding's warehouse which collapsed recently, and as soon as it is finished, the work of rebuilding the damaged part will be commenced. E. J. Fish has a gang of men at work putting in the foundation and they have the work well along. The building was not unusually weak and the floor would not have given away if it had not been overloaded, as there was a weight of about fifteen tons on a floor space of twelve by fifteen feet. The loss to Mr. Belding was nearly a total one, for out of one hundred and six barrels of salt that went into the race, but five of them contained anything when fished out.

The pain of a burn or scald is almost instantly relieved by applying Chamberlain's Pain Balm. It also heals the injured parts more quickly than any other treatment, and without the burn is very severe does not leave a scar. For sale by People's Drug Co., corner Main and Milwaukee streets.

HAVE ENGAGED NEW PHYSICAL DIRECTOR

J. M. WARD OF CHICAGO, COMES TO JANESVILLE

A Successful Season's Work in This Branch of the Local Y. M. C. A. Is Assured—Considered One of the Best Instructors in the Northwest—Must Get Release.

J. M. Ward of Chicago, has been engaged as physical director of the local Y. M. C. A., and a successful season's work in that important branch of the association is assured, as the new director is without doubt one of the best instructors in the country. This is not all either, for he is a first class, all around man, and as he is thoroughly versed in the work of the various departments he will be most valuable in the association.

Mr. Ward has for four years been in charge of physical work at Grand Rapids, Mich., in a very responsible position, and comes highly recommended. He lately went to Chicago, where he was called for work in the Central Association building, and by a peculiar train of circumstance he had registered, but one hour before the arrival in Chicago of Secretary Kline, who had gone down to engage him. He came to this city with the local man, and so favorably impressed the board of directors of the Y. M. C. A., that they held a meeting yesterday afternoon, and extended a call to him, which he accepted. The only thing that remains to be done is to get his release from the Chicago association, and as he has not yet done any real work there, it is thought there will be no difficulties encountered. Mr. Ward went to Chicago this morning but will return at once and take up the work here. He is a young man of fine physique and pleasing address and the local men are to be congratulated upon securing him. He has been in gymnasium work since he was twelve years of age, and that he is a hustler is shown by the fact that in Grand Rapids he conducted twenty-two classes each week.

PORAC WON BY MAC ARTHUR

Successful Result of the First Move of the Campaign.

ENGAGEMENT QUICKLY ENDED.

Insurgents Driven from Their Position After Half an Hour's Fighting—Five Americans Killed—Enemy's Losses Not Known, but Ten Dead Were Found.

Manila, Sept. 29.—Porac was captured by the Americans Thursday after a sharp engagement. The advance was under the command of Gen. MacArthur. Gen. Wheeler, with the Ninth Infantry, commanded by Col. Liscum, left Santa Rita at daylight, moving by the western road to Porac, while Col. Bell, with the Thirty-sixth Infantry, took the east road to that town. Both columns struck Porac at 9:30 o'clock, and after an engagement lasting half an hour, during which the American artillery shelled the town, a dash was made into Porac by the soldiers, the insurgents being driven northward into the mountains.

Gen. Wheaton, with the Twelfth and Seventeenth Infantry and several pieces of artillery, co-operated with the attacking troops for the purpose of cutting off retreat and preventing the arrival of reinforcements from Mabalacat, where the insurgent reserves were posted, meeting with only slight resistance, and swung into the north road leading to Mabalacat. All possible haste was made to arrive at this road, to cut off the insurgents' retreat. Gen. Wheaton and his staff moving ahead of the column. However, the insurgents won the race, passing along the road only a short distance ahead of Gen. Wheaton's command and escaping with the exception of nine men, who were captured.

The armored train pushed northward from Angeles to an advanced position north of Santiguel. The American loss in this movement was nine wounded.

The insurgents had applied for a conference at which American prisoners were to be returned to their own lines. On account of the movement which was then about to begin, Gen. Wheaton postponed the delivery of prisoners until today.

The American loss in the attack was five killed. The insurgent loss is not known, but ten dead were found.

Six Americans Are Slain.

Manila, Sept. 29.—It is reported by a person who has just arrived from Turdax, that Naval Cadet Welborn C. Wood, who was in command of the United States gunboat Urdaneta, recently captured and destroyed by the insurgents in the Orani river, on the northwest side of Manila bay, where she was patrolling, and five of the nine enlisted men forming the crew, were killed during the fighting previous to the destruction of the vessel. The four other men and the captured cannon—a one-pounder, a rapid-fire gun, a Colt machine gun and a Nordenfeldt 25-millimeter gun—were conveyed to Malac.

DEWEY TO ACCEPT HOUSE.

Assistant Secretary Allen Says the Admiral Will Take It.

Washington, Sept. 29.—The subscriptions to the Dewey home fund now amount to \$47,198. A subscription of \$2,000 from Collis P. Huntington was received Thursday, besides several smaller ones, and it is expected that the fund will be raised to \$50,000 or more by tonight.

Assistant Secretary Allen of the navy, who returned from New York yesterday, said that Admiral Dewey would be pleased to accept the gift of a house in Washington.

Congregational Council Ends.

Boston, Mass., Sept. 29.—With a final service Thursday evening, the International Congregational council came to a close. The closing sessions were impressive, the regret of the delegates at the prospect of parting lending unusual fervor to the exercises.

Rev. Dr. Mackennal in the morning presented the report of the committee on the future of the council, which recommended the permanent continuance of the body, to meet at intervals of five or ten years. The report was unanimously accepted. A place of meeting was not decided upon. President Angell read a telegram from the Presbyterian council at Washington, extending its fellowship and congratulations.

To Celebrate Golden Jubilee.

Cincinnati, Ohio, Sept. 29.—The golden jubilee of the Christian church will be celebrated at the international convention of the denomination here, Oct. 13 to 20. In anticipation of this event, the Foreign Missionary society, whose headquarters are here, a year ago resolved to try to raise \$150,000 this year. That goal has been reached. The Home Missionary society raised \$96,000.

No Deaths in New Orleans.

New Orleans, La., Sept. 29.—There have been two new cases of yellow fever in the last twenty-four hours, with no deaths this week. A case of fever is reported in Plaquemine parish, twenty-one miles below the city.

Key West, Fla., Sept. 29.—There were thirty-nine new cases of yellow fever reported Thursday and one death.

Andrade Said to Have Fled.

Port of Spain, Trinidad, Sept. 29.—A private dispatch from Caracas reports that President Andrade has fled from the Venezuelan capital on account of the advance of the revolutionist forces, and is believed to have gone to Porto Rico or New York.

THE BASEBALL REPORT.

Results of Games Played Yesterday in the National League.

Boston and Philadelphia are still struggling for second honors. The Phillies lost ground slightly yesterday by suffering defeat at New York, while Boston did no worse than tie with Washington. St. Louis triumphed over Louisville, while Cincinnati fell before Pittsburgh, the latter going ahead of the Colonels. The games:

MANY INDICTED FOR MURDER.

Eleven Negroes and Five White Men Held at Marion, Ill.

Marion, Ill., Sept. 29.—The grand jury, after spending three days hearing testimony, returned indictments against eleven negroes and five white men for murder. They are charged with firing into an Illinois Central train loaded with negro miners and their families at the Fredonia mines on June 30, when Mrs. Carr was killed. All but three negroes and one Italian have been arrested. These four fled the country soon after the riot. Nine of the prisoners are confined in the county jail guarded by state troops. Three of them are serving time at Springfield for violating Judge Allen's injunction concerning the operating of the Brush mines, which are in the hands of a receiver. Prominent attorneys have been engaged both for the prosecution and defense.

HANNA TO STAY AT HEAD.

Denies That He Will Resign the National Chairmanship.

Columbus, Ohio, Sept. 29.—Senator Hanna denies with characteristic emphasis the report that he will resign the chairmanship of the national republican committee. He said: "I cannot imagine what has given rise to such a report, unless it is my physical condition, rumors of which have been exaggerated. It is necessary to the perpetuation of the present glorious reign of the republican party that President McKinley be endorsed in Ohio this fall and returned to the white house next year. I expect to participate actively in the former endorsement, and I do not anticipate that I shall be asked to stand aside in the latter. I know of no disposition on the part of the republicans to ask me to do so. We are closer together today than ever."

Fatal Explosion of Gas.

Kokomo, Ind., Sept. 29.—An explosion occurred at the pumping station of the Indiana Natural Gas and Oil company at Greentown Thursday, in which two men were fatally injured and three seriously hurt. The fatally hurt are:

BRANNEN, ULYSSES.

JOHNSON, WILLIAM.

Seriously injured:

Chism, Ira.

Davis, John.

Petty, John.

The men were repairing a leak in the line near the station when the gas exploded. The explosion tore up the ground for rods, and houses in the vicinity were badly shaken.

Five Dead in Mexican Wreck.

Tampico, Mexico, Sept. 29.—The steep mountain grade on the Tampico branch of the Mexican Central railroad below Cardenas was the scene of another accident, in which five men lost their lives. A big freight engine left the track while going down the grade and the long train of cars followed it over the precipice. The American engineer and conductor, two Mexican wood-passers and a brakeman are reported killed.

Fear American Trade in Russia.

Moscow, Sept. 29.—The Russian press issues a warning against the successful invasion of the empire by American commercial enterprises. The importation of manufactured goods, it says, is likely to work great harm to the raw produce of the provinces of western Russia.

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely, the dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S. S. S. For The Blood

will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.
